Morse code is a way to send messages without using words. The code has its own alphabet made up of short and long sounds or flashes of light. Use the morse code alphabet and create your own end of wartime message!! You could be Sir Winston Churchill and create your own morse code message to give to Britain at the end of the war.

Make sure that you take time out and have breaks during the day.

Have a lovely evening with your family. If you can this evening, join in with the 'Clap for our carers' at 8pm tonight.
