

Word Tennis

This game requires a minimum of three (but can play with two) players.

- Host
- Opponent 1 and opponent 2

The game host will say a word, the first opponent will give another word associated (linked) with the word and then the second opponent will give a word associated with the first opponent's word. There cannot be any hesitation, repetition or you cannot say a word that is not linked. If you do, your opponent scores 15 points.

For example:

Game hosts: Ball

First opponent: racket

Second opponent: net

First opponent: fish

Second opponent: banana

The second opponent is out because banana is not linked to fish.

Here are some words to start you of:

Tennis

Boy

Strawberries

Bag

Love

Trainers

Shirt

Watch

Plane

Rain
