How to access Google Classroom
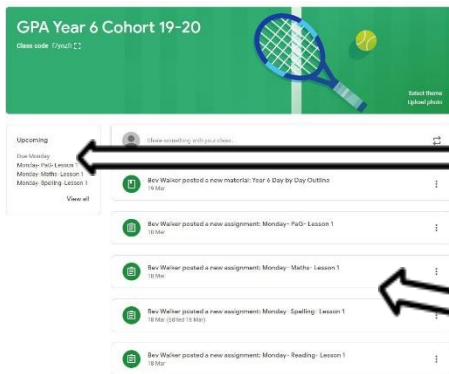

Step 1:

Sign into Google Classroom www.classroom.google.com using your child's email and password which you will find on the cover of their reading book.

On the right hand side of the screen click on the + symbol and select join a class. You will then be asked for a code which can also be found on the inside cover of their reading book.

Step 2:

This tells you when your tasks are due in. Your teacher will be alerted if you miss the deadline. If you are struggling, your teacher may send you a message offering support.
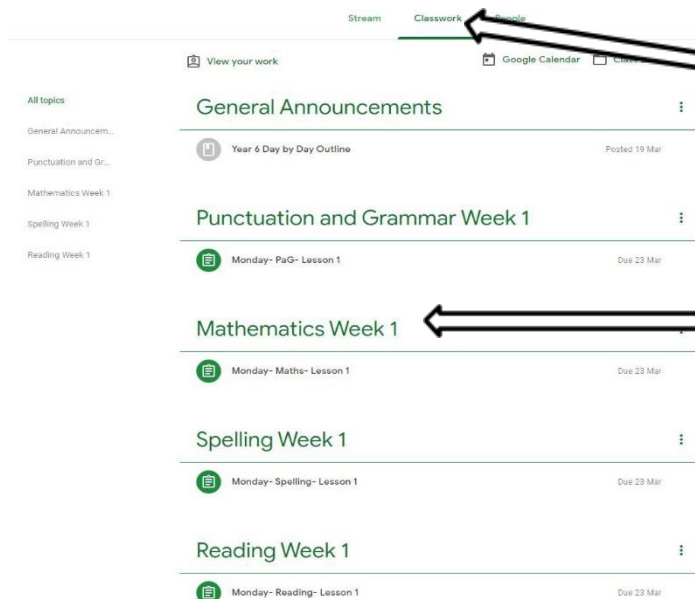

This is your front page as you click on the classroom. It will tell you which tasks you need to do or may give you some important messages.

Your assignments will show on the overview page titled 'stream'.

On the left of the screen will be your outstanding tasks and the deadline in which they are due.

Step 3:

Click on 'classwork' and you'll see several folders appear based on the subjects you do in school. The task that needs to be done will appear in there.

Click the classwork tab to get to this page.

These are the subjects you learn in school and your task will be underneath. Click on the task to open it.

Step 4:

When you click on one of the tasks underneath the subject, it will take you to a page which tells you what you need to do.

23 Mar
Monday- Reading- Lesson 1   100 points

Bev Walker   18 Mar

Hi all,
Your reading task for today is to:
Read 'A Paper Round'
This can be found below- just click on the link and it will be there.
A glossary of unfamiliar language in the text which we'd normally go through a 'collect and share' can be found also below.
The questions you need to answer are attached. Remember to use the advice we give you in class normally- use the text to locate the information for retrieval based questions.
